

	Year 1 and Year 2	Year 3 and Year 4	Year 5 and Year 6
Developing, planning and communicating ideas.	<ul style="list-style-type: none"> <li>✓ Generate ideas by drawing on their own and other people's experiences</li> <li>✓ Develop their design ideas through discussion, observation, drawing and modelling and explain what they are going to do</li> <li>✓ Identify a purpose for what they intend to design and make</li> <li>✓ Identify a target group for what they intend to design and make</li> <li>✓ Identify simple design criteria</li> <li>✓ Make simple drawings and label parts</li> </ul>	<ul style="list-style-type: none"> <li>✓ Generate ideas, considering the purposes for which they are designing</li> <li>✓ Identify a purpose and establish criteria for a successful product.</li> <li>✓</li> <li>✓ Make labelled drawings from different views showing specific features</li> <li>✓ Develop a clear idea of what has to be done, planning how to use materials, equipment and processes, and suggesting alternative methods of making, if the first attempts fail</li> <li>✓ Evaluate products and identify criteria that can be used for their own designs</li> </ul>	<ul style="list-style-type: none"> <li>✓ Generate ideas through brainstorming and identify a purpose for their product</li> <li>✓ Communicate their ideas through detailed labelled drawings</li> <li>✓ Develop a design</li> <li>✓ specification</li> <li>✓ Explore, develop and communicate aspects of their design proposals by modelling their ideas in a variety of ways planning how to use materials, equipment and processes, and suggesting alternative methods of making, if the first attempts fail</li> <li>✓ Plan the order of their work, choosing appropriate materials, tools and techniques</li> </ul>
Working with tools, equipment, materials and components to make quality products (inc food)	<ul style="list-style-type: none"> <li>✓ Begin to select tools and materials; use vocab' to name and describe them</li> <li>✓ With help measure, cut and score with some accuracy</li> <li>✓ Use hand tools safely and appropriately eg scissors and a hole punch safely</li> <li>✓ Assemble, join and combine materials in order to make a product using a variety of temporary methods eg. glues or masking tape</li> <li>✓ Cut, shape and join fabric to make a simple garment. Use basic sewing techniques</li> <li>✓ Follow safe procedures for food safety and hygiene</li> <li>✓ Choose and use appropriate finishing techniques</li> </ul>	<ul style="list-style-type: none"> <li>✓ Demonstrate hygienic food preparation and storage</li> <li>✓ Think about their ideas as they make progress and be willing change things if this helps them improve their work</li> <li>✓ Measure, tape or pin, cut and join fabric with some accuracy</li> <li>✓ Use finishing techniques strengthen and improve the appearance of their product using a range of equipment</li> <li>✓ Work safely and accurately</li> <li>✓ Select appropriate tools and techniques for making their product</li> <li>✓ Measure, mark out, cut and shape a range of materials, using appropriate tools, equipment and techniques</li> <li>✓ Join and combine materials and components accurately in temporary and permanent ways</li> <li>✓ Sew using a range of different stitches, weave and knit</li> <li>Measure, tape or pin, cut and join fabric with some accuracy</li> <li>✓ Use simple graphical communication techniques</li> </ul>	<ul style="list-style-type: none"> <li>✓ Select appropriate tools, materials, components and techniques Measure and mark out accurately</li> <li>✓ Weigh and measure accurately (time, dry ingredients, liquids)</li> <li>✓ Apply the rules for basic food hygiene and other safe practices eg. hazards relating to the use of ovens</li> <li>✓</li> <li>✓ Assemble components make working models</li> <li>✓ Use tools safely and accurately</li> <li>✓ Construct products using permanent joining techniques</li> <li>✓ Make modifications as they go along</li> <li>✓ Pin, sew and stitch materials together create a product</li> <li>✓ Achieve a quality product</li> </ul>

<p>Evaluating processes and products</p>	<ul style="list-style-type: none"><li>✓ Evaluate their product by discussing how well it works in relation to the purpose</li><li>✓ Evaluate against their design criteria</li><li>✓ Evaluate their products as they are developed, identifying strengths and possible changes they might make</li><li>✓ Talk about their ideas, saying what they like and dislike about them</li></ul>	<ul style="list-style-type: none"><li>✓ Evaluate their work both during and at the end of the assignment</li><li>✓ Evaluate their products carrying out appropriate tests</li></ul>	<ul style="list-style-type: none"><li>✓ Evaluate their products against the original design specification, identifying strengths and areas for development, and carrying out appropriate tests</li><li>✓ Record their evaluations using drawings with labels</li><li>✓ Evaluate against their original criteria and suggest ways that their product could be improved</li></ul>
